Equipment	<input type="checkbox"/>		

### Products manufactured by Connect Tech Inc. will no longer routinely include a CD-ROM with software files.

Connect Tech remains dedicated to providing customers the highest level of product and technical support possible. Traditionally, some products would be shipped with relevant software (i.e. drivers) written onto a CD-ROM. In an effort to ensure customers have around the clock access to up-to-date information, all software has been uploaded to be easily accessible on our website.

Relevant software can be found through either of the following methods:

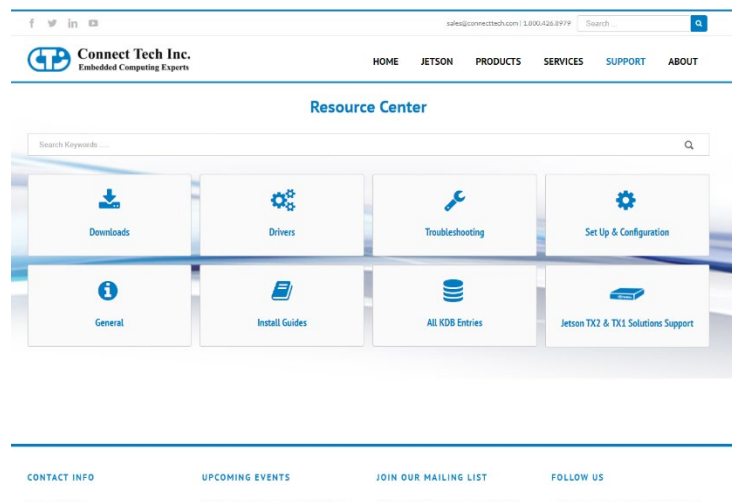

#### 2.1.1 Resource Center

The Connect Tech Resource Center is a technical support hub that provides any and all information on your selected product.

URL:

<https://connecttech.com/support/resource-center/>

Simply type in the product name within the search bar, and all software, documentation, and relevant knowledge base articles will appear.

## 2.1.2 Product Pages

Product software and other packages are available through the Downloads tab on every product page.

HOME JETSON PRODUCTS SERVICES SUPPORT ABOUT

### COM Express® Type 7 + GPU Embedded System

- Combines High-End GPUs with Intel® Xeon® D Server Class and Intel® Atom™ C3000 x86 Processors
- GPUs can be targeted for 4 independent display outputs OR for a headless GPGPU processing system using CUDA® cores
- 10 GbE Interconnect: 2x 10GBASE-SR/LR From Dual InpH CS4223E (Quad SFP+)
- Ideal for high-end encode/decode video applications or GPGPU CUDA® processing, Deep Learning and Artificial Intelligence applications
- Uses PC-style connectors for ease of cabling and packaging

#### More Information

The COM Express Type 7 + GPU Embedded System from Connect Tech combines Intel® Xeon® D (Server Class) and Intel® Atom™ C3000 x86 processors with high-end NVIDIA® Quadro® and Tesla® Graphics Processing Units (GPU) all into a small form factor embedded system. Choose from highest-end, highest-performance models or from low-powered models all ideal for high-end encode/decode video applications or GPGPU CUDA® processing, Deep Learning and Artificial Intelligence applications.

## 2.1.3 CD-ROM Inclusion Requests

Customers can request their product be supplied with software on a CD-ROM for an additional charge. Contact [sales@connecttech.com](mailto:sales@connecttech.com) for all CD-ROM inclusion requests.

### 3 Impact of change (positive or negative) on fit, form, function & reliability

#### 3.1 Quality and Reliability

Quality and reliability of products are not affected by this Product Change Notification.

#### 3.2 Software Compatibility

Software Compatibility is not affected by this Product Change Notification.

#### 3.3 Hardware Compatibility

Hardware Compatibility is not affected by this Product Change Notification.

#### 3.4 Mechanical Compatibility

Mechanical Compatibility is not affected by this Product Change Notification.

### 4 Product / Revision Discontinuation

As of November 1<sup>st</sup>, 2020, CD-ROMs will no longer be provided by default with shipping product. CD-ROM inclusion can be requested at point of sale for an additional charge.
