

## XMC to PCIe/104 Adapter

Connect Tech's XMC to PCIe/104 Adapter Board is an engineering tool for the purpose of enabling rapid development of systems requiring the use of next generation form factor peripheral cards. This adapter supports adding VITA 42 XMC cards to a Type 1 PCIe/104 system.

**Product Name:**  
XMC to PCIe/104 Adapter  
**Part Numbers:** ADG095

Specifications	
<b>Form Factor</b>	PCIe/104 oversize, XMC
<b>Dimensions</b>	96.018mm x 152.4mm (3.780" x 6.0"), 1-up
<b>Expansion Slots</b>	XMC, PCIe x8 Gen 2.0
<b>Connectors</b>	PCIe/104 Type 1, XMC
<b>Power Input</b>	+5V over PCIe/104
<b>Power to XMC</b>	+5V (default). May be modified to +12V, if required. (Contact Connect Tech sales or support)
<b>Operating Temperature</b>	Industrial, -40°C to +85°C (-40°F to +185°F)
<b>Compliance</b>	ROHS

## FEATURES

- ✓ PCIe/104 Compliant
- ✓ Type 1 PCIe/104 & XMC Connectors
- ✓ Extended Temperature Range  
-40°C to +85°C
